

March 18, 2020

Good Morning,

To align with CDC and the recent Governmental guidelines to prevent the spread of COVID-19 we have made the difficult decision to cancel our upcoming 2020 Spring Technical Conference scheduled for May 5-6 in San Diego. With the health and safety of our membership in mind and in concert with the many company imposed travel restrictions most of our members are facing, it was clear to us this was the only course of action to take. As of now the Fall Technical Conference is still scheduled for September 9-10 in Chicago.

We were excited about our partnership with ETI and NASTF for the Spring 2020 meeting and we fully intend to partner with them again in the Spring of 2021 at a location yet to be determined. Both ETI and NASTF have been great partners and we were poised to deliver a great conference but unfortunately we will have to wait until next year. All three organizations are committed to making next year's event even better and we will use this time to discover ways to deliver nothing short of a world class conference.

Whether you have registered through AMRA or ETI, you will be reimbursed the total amount of your registration. If you have registered through AMRA, you will be receiving an email with a receipt for your reimbursement. A similar process will occur if you have registered through ETI. . If you have reserved a hotel room, please note that since the event is cancelled, the hotel automatically cancels the whole room block. You do not need to take any further action. Please cancel your rental car and any other reservation you made for this trip.

If you have any questions, please don't hesitate to reach out.

Sincerely,

Jeffrey R. Cox  
President
